

LA PLATA BLUE KNIGHTS COACH EVALUATION FORM

EVALUATION PROCEDURES: We appreciate your completing this Coaches Survey today. It is the goal of the La Plata Blue Knights Youth Sports Organization to accept and retain extremely qualified volunteer coaches to provide a truly superior sports program. Your comments and review of the Coach's skills, performance, attitude, spirit and ability to effectively communicate will help your Board of Directors make the final coach selections each year. This is your opportunity to share your comments and observations as we work together to make the right choices for your children and the league.

ALL evaluations are held in confidence and your name is never shared with the coach reviewed (even if that coach is a Board member). Overviews of comments -- both positive and negative -- are compiled by a non-coaching Board member and then reviewed by the entire Board. The results of these compilations are often shared with the Coach during the interview.

Please take this responsibility seriously, and be sure your comments are truly warranted and accurate.

Thank you in advance for your support of the La Plata Blue Knights!

Coach Name: _____

Record: _____

Football Cheer Weight/Division _____
